Crowd of 300 Watches Drag Races At Airport

Drag races sponsored by the Vulcan Timing Association at the airport last Sunday again proved to be a good crowd attraction, with about 300 spectators on hand. There were 45 entries for the various events. Winner of the stock eliminations was David Stewart of Blackie with a 66 Chev 496 4-speed. Top performer in the motorbike eliminations was Lawrence Lundgren of Vulcan, riding a 650 cc Triumph.

Winner of the competitive eliminations was Mickey Anderson of Barons with a 427 Ford-powered Hillman. This car is called a Gasser and the motor is rated at about 800 h.p. Anderson's Gasser reached 129 m.p.h. in one-quarter mile at Calgary and about 110 m.p.h at the airport on Sunday.

The Timing Association hopes that there will be two Gassers from the States competing here soon, an A-Gas Anglia from Montana and a 427 Ford single overhead cam powered Falcon from Spokane.

130 At Pioneer Howell Family Reunion

A centennial year reunion of members of the pioneer Howell family of Milo was held at High River Memorial Park July 16.

Mr. and Mrs. Charles Howell and family came to Alberta from Montana by covered wagon in 1910 and homesteaded south-east of Milo near the Pat Burns lease. At that time the closest town was Gleichen, 30 miles away, and the nearest country school was 2 1/2 miles from the homestead.

Mr. Howell died in 1932 and Mrs. Howell in 1957. Out of a total of 172 relatives in 1967 (members of 49 families), 130 attended the reunion, coming from points as far away as Victoria, B.C., and Drummond, Montana.

The picture at the right shows the pioneer couple's daughters at the reunion. Left to right are Mrs. Dorothy Coate, Calgary; Mrs. Catherine DeBoice, High River; Mrs. Ruby Nobert, Black Diamond; Mrs. Edith Baden, Calgary; Mrs. Lily Long, Calgary; Mrs. Florence Clements, Milo, and Mrs. Ethel Blowers, High River. Missing from the 1967 photo

are Jim Howell and George Howell of Milo and Bill Howell of Staveley. Another daughter, Mrs. Mabel Page, is deceased.
The lower picture shows the Howell family at the Milo farm in 1916.

TODAY'S SMILE

During a grouse hunt one sportsman was shooting at a clump of trees near a stone wall. Suddenly an angry face popped over the top of the wall.

"Curse you, you almost hit my wife!"

"Did I?" cried the man, aghast. "I'm terribly sorry — have a shot at mine over there."

Community Club Meets At Ensign

(By Ensign Correspondent)

The Ensign Ladies Community Club held their meeting on Aug. 1 with eleven members repeating the women's creed. The roll call was answered with articles for a fish pond to be held at a pot luck supper some time later.

Due to the president Mrs. Betty McFadden being absent, Mrs. Ollie McFadden took the chair and was later elected vice-president. A report on the picnic was given. Mrs. Molley Fisher, janitor for the past three years has given up the job due to ill health. Mrs. Muriel Ritter has accepted it. Anyone using the hall must notify Mrs. Ritter, phone 6616. The surprise box was donated by Mrs. Ara Brown and won by Mrs. Ritter. A lovely lunch was served by Mrs. Lydia Flebotte and Mrs. Elaine Hall.

The next meeting will be held on Sept. 5th at 8 p.m.

HORNETS NEST. What looks like some kind of a light fixture in this photo is actually a hornets nest attached to the light socket on the front porch of the Richard Lebsack home. It took the yellow jackets three weeks to build this nest but an insecticide spray quickly killed the occupants and it is now unoccupied.

Lots of Clouds But Rain Fails To Materialize

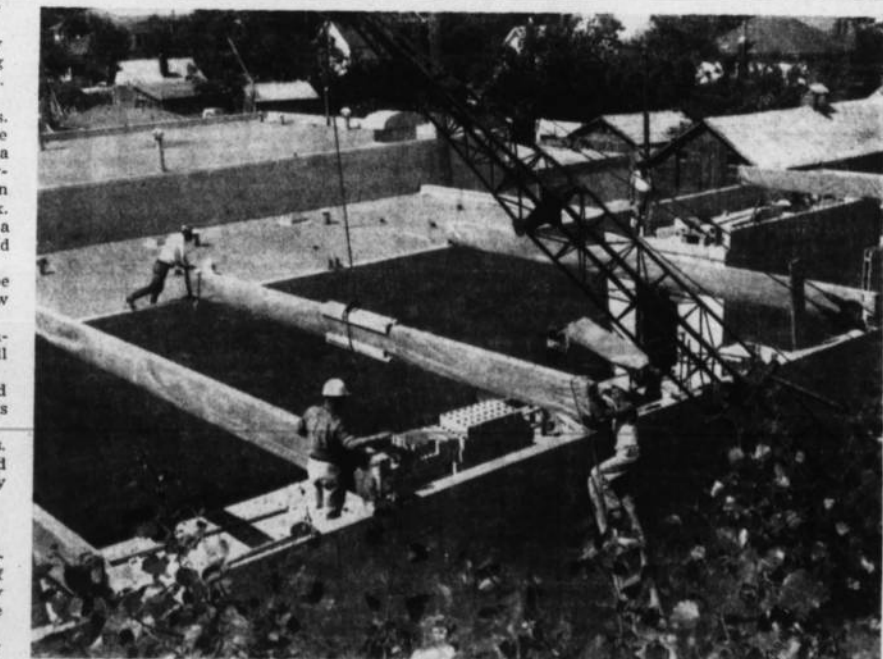

The clouds were there and it looked like rain, but most County of Vulcan points hardly received enough rain last weekend to lay the dust. A few spots received showers of one-quarter inch or so, but the badly needed general rain just failed to materialize.

Despite the lack of moisture, crops on summerfallow are holding up amazingly well, according to reports from Wheat Pool agents and a yield of 20 bushels of wheat per acre is still possible.

Fall rye is now being swathed and early barley is turning

This picture was taken by Bert Smith of the Rio Alto Ranch five miles west of Longview last summer. The children are only identified as grades 4 and 5 of one of the County of Vulcan schools, apparently on a field trip to the foothill country.

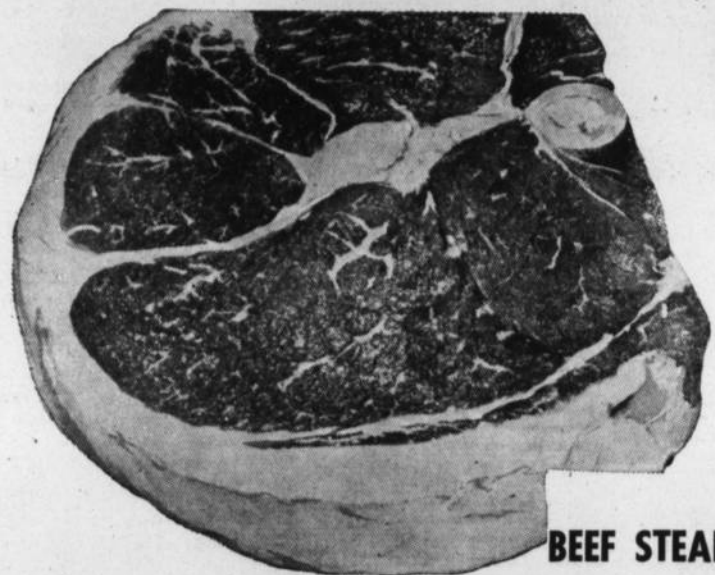

The new Treasury Branch building in Vulcan is rapidly taking shape. When this picture was taken a week ago a big crane was being used to lift the heavy roof beams into place. The dry weather has allowed good progress to be made on this and other buildings in Vulcan this summer.

**Fisher-Binning Wedding**

On June 10, 1967, at the Buchanan Chapel, Southminster United Church, Lethbridge, the wedding of Kanen Loretta, eldest daughter of Mr. and Mrs. Paul Binning of Carmangay and Ronald Arthur, eldest son of Mr. and Mrs. Arthur Fisher of Vulcan took place with Rev. Hart Cantelon officiating.

The bride, given in marriage by her father, went down the aisle in a floor length A line gown of organza over taffeta with a train of the same material attached at the waist. Over the dress and train were lace applique. A shoulder length veil complemented her dress. Her bouquet of American Beauty roses matched the full length fuchsia colored gowns of her attendants. Her sister Diane, carrying white carnations, tinted slightly to match her dress, was maid of honor. Carrying the bride's train were the two junior bridesmaids, Brenda and Rhonda Fisher, sisters of the groom. Laurie Binning, niece of the bride was the flower girl. All junior attendants carried baskets of white carnations, tinted slightly to match their dresses. Carrying the rings down the aisle was Darcy Fisher, youngest brother of the groom.

Dick Davies of Champion preposed the toast to the bride, with the groom replying.

The groom toasted the bridal attendants with the best man replying. Misses Marilyn and Verna Baldwin with Mrs. Lenora Baldwin accompanying them, provided the entertainment at the reception.

For her daughter's wedding, Mrs. Binning chose a turquoise blue silk knitted suit with beige accessories. For her son's wedding

Mrs. Fisher chose a pink, two-piece dress with white accessories. Both mothers wore corsages of sweetheart roses.

A reception for the bride and groom was held in the Windsor room of the Park Plaza Motor Hotel. Duane Binning, brother of the bride, acted as Master of Ceremonies.

How do you make a choice here? Well, Lethbridge Lager is the bold, brawny brew; Lethbridge Pilsner the traditional beer...naturally aged in the good old-fashioned way. Both are quality brewed, so it's a matter of individual taste. As you can see, both the beers speak for themselves.

WINTER BOUQUETS:

Fresh flowers and greens — such as goldenrod, strawflowers, cockscomb, oats, rye, leaves, seed pods, and ferns — can be dried for rich winter bouquets. You need no special equipment. A closet or your attic can serve as the "drying room" and some of the loveliest materials are found growing wild.

Timing is important in the gathering of materials. Cut flowers in semi-bud form. They'll open into full bloom as they dry. Gather grasses and ferns in the morning when they are fresh. Cut leaves as they start turning from green to yellow to red. Select flat branches of foliage for ease in pressing them effectively.

Put all fresh materials in buckets of water as they are cut if you have to transport them any distance. The sooner you press coloured materials after picking, the brighter they will stay during the drying process.

Choose a dark, dry location as dampness prevents proper drying and light fades colours. If rodents are a problem, set out mothballs to protect seedheads from them.

To press leaves, lay each branch out carefully between layers of paper on a flat surface — floor or table. Make as many layers as you like. Weight down the pile with books, suitcases, or any heavy objects.

Another way to treat foliage is to slit branch ends, insert in several inches of a solution of equal parts water and glycerin. Let stand for several weeks.

To obtain curved stems for variety in arrangements, dry part of your tall grasses and weeds by placing upright in kegs, fruit jars, or milk bottles set on the floor of your drying room. Leave undisturbed for several weeks or until material is completely dry.

Unless you use immediate, protect from dust by separating varieties and storing bunches in cartons.

For straight stems you want on most materials, tie into bunches and string on lines hung at a height convenient for you to reach. Let dry 3 to 4 weeks. Don't wait for fall to begin collecting. Many summer flowers such as larspur ageratum, globe amaranth, stock and zinnias will dry beautifully and hold their color. Cut and hang each variety when at its peak.

Gather colourful leaves and heads of bloom to include in your dry arrangements.

Absence of light during the drying period is essential if you want colourful materials to use in your

dry arrangements. Once flowers and leaves are dry and colours have "set", they won't fade, even if you display the arrangement in a sunny location.

Dried materials are ready to use in arrangements when flower petals feel ridged and no moisture is left by the paper layers of pressed foliage. If not thoroughly dry when you remove them from your presses, leaves will curl, lose their shape. Under proper conditions, drying takes 3 to 4 weeks.

HOW MUCH IS A WIFE WORTH

An Insurance Company in the U. S. A. estimated that a wife was worth \$20,000 per year. This is how they broke it down:

per hr.
Housekeeper 1.60
Family cook & shopper 1.90
Laundry 1.60
Errands 1.70
Nursing care 2.25

I translate this finding to mean that a married man lives in luxury that would cost him \$20,000 per year if his wife weren't providing it for nothing.

Holoboff-Harchanko Wedding In States

Donna May Harchanko, daughter of Mrs. Sophie Harchanko of Max, North Dakota and the late Sam Harchanko, became the bride of Allan George Holoboff, son of Mr. and Mrs. George Holoboff, of Mossleigh, Alta., at a candlelight ceremony in the First Baptist Church of Minot, North Dakota, on July 1, 1967.

Rev. John Benham officiated and Mrs. Benham was organist. Dennis Mosser sang and David Weisser was trumpeter. Both are of Harvey, N. Dakota.

The bride, given in marriage by her brother, Ted Harchanko, of San Diego, Calif., wore a floor-length gown of peau de sole and Venetian lace with a detachable lace train. Her shoulderlength veil of illusion was held by a queen's crown of seed pearl. The bride's attire was made by her mother. The bride carried a Bible with pink sweetheart roses.

Karen Havskjold, Minot, was maid of honour. Joyce Semchenko, N.W., in Calgary.

Max, was bridesmaid. Each wore pink and white long gowns styled like the bride's gown and carried a large pink and white mum. The altar displayed two large baskets of pink peonies.

Fred DeVos, Three Hills, Alta., was best man. Paul Meir, Three Hills, was groomsmen. Ushers were James Harchanko, brother of the bride, of Huntsville, Alabama, and Edgar Semchenko, Max.

After the wedding a reception for about 250 guests was held in the church parlours. Friends and relatives of the bride assisted.

Prenuptial events included showers by the Mozart Piano Club, the Harvey School Faculty and the Bethel Baptist Mission Circle, all in Harvey, N. Dakota, and by the Baptist Mission Circle in Max. A rehearsal dinner for about 40 was given by the bride's mother.

The bride is a graduate of May High School, Prairie Bible Institute and Minot State College where she received a B.S. Degree in music education. She was employed by the Harvey Public Schools this past year. In the fall she will teach at the Thomas B. Riley Junior High School in Calgary, Alta.

The bridegroom, also a graduate of Prairie Bible Institute, Three Hills, Alta., graduated from High River High School, Alta., and is presently a chemical technologist at the Windsor Salt Plant in Linburgh, Alta., he will be attending Southern Alberta Institute of Technology in Calgary this fall.

For their wedding trip, the couple visited the Black Hills of S. Dak., Yellowstone, Banff, Glacier, and the Jasper National Parks. They are living in Lindbergh for the summer and in September will reside at 2104 1st Ave. N.W., in Calgary.

CENTENNIAL REUNION

A happy hum of conversation could be heard throughout the Mossleigh Community Hall on Sunday, July 30. The occasion was the Centennial Reunion when former residents of the district and their families came from near and far to renew acquaintances.

Over 450 people signed the guest book and spent a pleasant afternoon visiting with friends old and new. The display of old-time pictures, arranged around the hall was most interesting and recalled many almost forgotten events.

The hall was decorated in a centennial theme with bright streamers, flags and the provincial crests. The profusion of summer flowers from local gardens showed that although we have just experienced the driest July in 30 years, all is not completely dried up around Mossleigh.

During the afternoon background music was provided by the Randle girls. Ed Robinson, on behalf of the Community Club, welcomed the guests and introduced a few of the old timers present. Mrs. Ballard, daughter of Mr. Moss, the first resident of the area, gave a brief history of the district. She mentioned some of the hardships experienced by the early settlers and the gradual improvement as more people came to the district. She also recalled names of a number of those early settlers.

A buffet lunch was served all afternoon by members of the community club. The club is grateful to all those who contributed and worked so hard to make the Mossleigh Centennial Reunion an outstanding success.

NEW FEES FOR LABORATORY SERVICES

The Alberta Department of Agriculture's fee schedule for their soil and feed testing service has been revised to help meet increased operating costs and to facilitate the implementation of a computer system for handling the rush of work during the peak testing periods.

A. M. Wilson, Director of the Plant Industry Division, reports that, starting August 1, the charge for testing soils will be \$2 for routine analysis plus \$1 if lower soil depths are tested. If only the lower levels are tested the fee will be \$2.

The charge for a routine feed test will be \$2. A special analysis, such as a test for carotene or prussic acid, will cost an additional \$1. The charge for a special test without the routine feed test will be \$2. Up to the present time, routine soil testing has been done for the nominal fee of 50c per sample. The charge for feed testing has been \$1 per sample. However, increased operating costs have made

it obvious for some-time that the fee schedule would have to be revised. The charges for the same services have already been revised in other parts of Canada.

Mr. Wilson also advises that the soil testing service will now be available to the fertilizer trade. Fertilizer companies will be able to submit samples for analysis in containers which will be available from their central offices, district agriculturalists, and agricultural service boards.

According to Mr. Wilson, the soil and feed testing laboratory is going to be moved from its present location at the University of Alberta to the Consolidated Agricultural Laboratory, now under construction. Requests for soil and feed testing have been increased to such an extent over the years that the facilities that were set up by the University and the Department of Agriculture are no longer capable of handling the workload.

The Department of Agriculture will use a computer to meet the increased demand for soil testing and to provide the best possible service to farmers. The computer will calculate and tabulate the fertilizer requirements of particular soils on the basis of the sample analysis.

Getting a correct sample and getting the recommendations back to the farmer when he needs them says Mr. Wilson, are the main problems faced by the soil testing personnel. Every year several thousand samples come in to the laboratory between harvest and freeze-up, and again in the spring, between the time the ground thaws and the time seeding gets underway. The fact that samples come in at the rate of about 1,500 or more a week during these peak periods, and very few are submitting during the growing season, makes staffing the laboratory on an efficient year-round basis a difficult task.

Mr. and Mrs. L. Tucker and family left Wednesday for a holiday at Yellowstone Park.

Town residents and anyone who helped mow grass and clean up the town and cemetery are to be commended for their work.

Mrs. Ada Percifield and Miss Kay Thomas enjoyed a holiday at the West Coast.

BLACKIE REUNION

The Blackie School Auditorium was filled to capacity Saturday, July 29, when over 600 guests from the local district to places as far away as California, Wyoming, Ontario, Manitoba, British Columbia and other points signed the guest book at the Blackie reunion.

Many old time snapshots were on display at the various tables and brought back many memories as the guests discussed the "remember whens".

During the afternoon, the Lions Club provided refreshments, sports and races for the children. The candy floss machine proved to be very popular with the youngsters.

Ideal weather conditions and taped music of the Blackie Band was the setting for a picnic supper at 5 p.m. in the school yard.

Following supper, Irene Kumlin Ririe as mistress of ceremonies called upon Jim Stier to officially welcome everybody.

Sam Brown presented a scroll designed by Lillian Harrow Kumlin in memory of the deceased principals W. J. Lonergan, John Wilson and C. V. Digory; teachers and students. This scroll was accepted by the present principal, Don Tannas and will be hung in an honoured place in the school.

A short fashion show opened with the first baby girl, Ruby Woolridge Paradee and first boy, Jim Stier, born in Blackie coming out hand in hand decked in school attire of that era.

Other costumes modeled by former local students included Maurine Fleming Webb's wedding gown; a portion of the late Mrs. Mino Brickers wedding trousseau; a bathing suit of the late Mrs. Geo. Bowlus dating back to 1898 and one owned by the late Mrs. Emmanuel Snider.

Visiting students, Bernice Wilson McLean of Waubausene, Ont., and Ray Wellman of Vulcan modelled a costume of the 1920's with Bernice wearing a dress her mother had worn during that time.

Background music for the fashion show was supplied by Mabel Malingier Stier and barber shop singers, Ray Wellman, Lorne McIntosh, Norman Merkle, David Sutor, Earl Roy and George Meadows. Called to the stage were 3 families of the district who had 3 generations attending the Blackie school. First: the Seney family including Gordon Seney, Karen Seney Sutor and Lauralee. Second: the Les Sutor family of Mr. and Mrs. Les Sutor, Bob and Lauralee Sutor. Third: the John Webb family of John Webb Sr., John Webb Jr., Joy Lynn and Betty Lou. Mr. and Mrs. John Webb Jr. were unable to attend because of illness.

Also called to the stage with the Seney family was Gordon's mother, Mrs. Elizabeth Seney of High River making four generations present.

Earl Clingham once again proved to the audience that the hand is faster than the eye with a short display of magic.

Mrs. Ririe then called on Mrs. Eva Lonsberry (Skuce) who was the first teacher in Blackie in 1913. She recalled that the roof used to leak so badly in the heavy June rains that many times she had to hold her umbrella over her head in order to write on the blackboard. She was very pleased to be able to be in Blackie for the day and meet many of her former students.

All teachers present who taught in Blackie were asked to stand; Mrs. Eva Lonsberry (Skuce) 1913-14, Ester Kumlin Newman, Edmonton, 1932-36, Ellen Randle Johnson, Castro Valley, Cal., 1940-42, Dorothy McElroy, Calgary, 1947-49, Mrs. Janie Brown Harris, High River, 1941-42, Doug Pakinham, principal, 1943-55, Mrs. Mary Stewart Herr, Dewinton, Ruth Bowlus, High River, Bertha Dahms Bamber, Edmonton, 1956-58, Betty Swanson Cole, Okotoks, 1952-55, Lillian Kelly, Ridgeview, Mrs. Alice Allen Tigner, Pine Canyon, Calgary, Mrs. Lila Malmberg Fulton, Cottage, 1924-25, Anne McLean, 1955-60, Marjorie Weerstra, Calgary, 1955-60, Elsie Colilton, Home Ec., 1958-60, Marjorie

Seney, 1962-65, Gwen Seney, 1952-55, Irene Ririe, 1956-, Maurine Webb, 1961-, Bertha Raycraft, 1957-, Lillian Kumlin, 1960-, Margaret Johnson, 1960-, Shara Christofferson Cooke, 1966-, Gordon Day, Phys. Ed., 1961-67, Don Tannas, 1962-64, principal 1966-.

Four nurses from the Blackie hospital were also present. Those being Jennie Nash Wilson, Victoria, Sadie Nash Clazie, Pincher Creek, Ruth McKinney, Claresholm, Naomi Ikes Findley, High River.

Don Tannas, present principal, in giving the closing address, pointed out the advantages of the closer associations and contacts in a smaller rural community, making for a more lasting friendship.

Following the program many moved back into the school auditorium to say hello and visit with those they had not seen during the afternoon. A dance followed in the new community centre with over 300 attending bringing an end to a perfect day.
